Computer | Android | iPhone & iPad

Upload videos

1. Sign in to YouTube.
2. At the top of the page, click Upload .
3. Select **Upload video**.
4. Before you start uploading the video, you can choose the video privacy settings .
5. Select the video you'd like to upload from your computer. You can also import a video from Google Photos.
6. As the video is uploading, you can edit both the basic information and the advanced settings of the video and decide if you want to notify subscribers (if you uncheck this option, no communication will be shared with your subscribers). Partners will also be able to adjust their Monetization settings . You can have a title up to 100 characters and a description up to 5,000 characters.
7. Click **Publish** to finish uploading a public video to YouTube. If you set the video privacy setting to Private or Unlisted, just click **Done** to finish the upload or click **Share** to privately share your video.
8. If you haven't clicked **Publish**, your video won't be viewable by other people. You can always publish your video at a later time in your Video Manager.

Once the upload is completed we will send you an email to notify you that your video is done uploading and processing. You can then forward that email to friends or family for easy sharing. If you prefer not to receive notification, you can opt out by visiting your email settings .
